NOW YOU'RE a CONSULTANT

Getting started with **Paparazzi** is easy and can be a life changing experience.

Most of Paparazzi's Consultants not only use Paparazzi as a way to generate additional income, but also as a way to have fun, enjoy their friends and family, and share something with their acquaintances that can build lasting relationships. Above all, what Paparazzi Consultants love is that it's easy! Below are some tips from some of the best on how to get started and keep it going strong!

- **THROW A PARTY!** Once you are enrolled and get your first shipment in throw a HUGE launch party/open house! Invite and tell everyone! Be prepared with lots of business cards, hosting a party information and becoming a consultant information because YOU WILL NEED IT!
- **DO IT AGAIN!** You will more than likely have some parties booked from your launch party so continue to do this! Keep your inventory stocked up so people have lots to choose from! The most successful parties are those with little or no pressure to buy.
- **TELL EVERYONE ABOUT IT!** Give your business cards to family and friends so when they get complimented on the jewelry they bought from you they can give out your card. Also carry some with you at all times so if someone asks, you can run to your car and show them!
- **STAY POSITIVE!** Have fun and stay positive. Some parties you'll have tons of success and others will not go as well but a positive attitude is the key to success! Don't forget to share your successes with others!
- **REMIND YOUR CLIENTS** that your personal inventory changes regularly, and that every time they come you will have new items for them to preview. That also means an item they see at one party, may not be available at another.
- **QUESTIONS?!** If you EVER have questions never hesitate to contact your up line. They will either help you or find someone that can! Also refer to the Paparazzi Consultants; Non-Corporate Page on FB!
